

CARE AND MAINTENANCE GUIDE

Cabinet and Laminate Countertop Care

- Wipe off all dust and debris with dry cloth
- Spray with Windex
- Wipe again with micro-fiber towel/cloth

Butcher Block Countertop Care

- Before installation:
 - Wipe clean and dry with a micro-fiber towel/cloth
 - Apply mineral oil liberally to cloth
 - Rub in mineral oil on both sides and all edges
- Ongoing care:
 - Remove any spills from the surface
 - Do not allow water to lie on surface for a long time
 - Always use protective mats/pads under anything hot
 - Use a soft cloth and warm water when cleaning
 - Never use concentrated cleaning detergents
 - Do not use anything containing bleach
